

## A letter from the CEO

Dear GBO Member,

First of all, I would like to convey you my best wishes in these uncertain times; I really hope that you and your loved ones are well. I am very aware of the personal losses that some of you have gone through, and I share the concerns of those of you whose business and activities have been dramatically impacted by this unfortunate disease. To all of you, the deepest of sympathies on behalf of the GBO team.

Global Business Owners was born in Mallorca a couple of years ago as a business club based on a core idea: **business friendship**. Since its inception, GBO has been growing steadily and expanding to more than 20 city chapters globally, to become the club for more than 600 business men and women that believe in building trust as a better way of sharing knowledge, discussing and developing new and innovative ideas, and thereby creating business opportunities around the world.

It will come as no surprise to any of you that GBO has been heavily impacted by the COVID-19 pandemic, as one of the pillars of our club is social interaction during the regular meetings that we

organize for members and guests. We have reacted to this shocking situation by boosting our online presence and adding new services and benefits for our community, and we are very much looking forward to going back to a certain kind of normality that will allow all of us to resume our gatherings in all our chapters, to continue sharing good moments with our peers and to building a superb network of business friends all over the world.

GBO has recently entered a new era of growth and development, thanks to the GBO Ambassador network that has just been born. With the help of this group of outstanding professionals, GBO will reach to new territories, strengthen our operations in our existing chapters, and develop a stronger and more comprehensive set of tools and services to the benefit of all our members. And that has only been possible thanks to our members, partners and team.

In the name of the GBO team, I would like to personally send a big ***thank you*** to all of our GBO members, specially to those who, even among the turmoil caused by COVID-19, have decided to back the GBO principles and spirit, and renew your trust in us as your business club. We are very proud of having you and we will devote all our time and efforts to making GBO the great place in which you want to stay for many years to come!

And for all those who have decided to say goodbye, please be sure that GBO will always welcome you with open arms when you decide to come back. Because we firmly believe that together we are stronger, and as we grow together, we will be able to not only serve as a catalyst for business interaction and global economy, but also to play an important role in charity and social causes.

Let's walk this road together. Let's be **#ProudToBeGBO!**

Warm regards,

Miguel
